BOOK SYNOPSIS

Beer has reclaimed its place at the dinner table. Yet unlike wine, there just aren't many in-depth resources to guide both beginners and beer geeks for pairing beer with food. Julia Herz and Gwen Conley are here to change that. As you start your journey, you'll learn all about the effects aroma, taste, preference, and personal experience can have on flavor. Just as important, you'll become a tasting Anarchist--throw out the conventional advice and figure out what works for you! Then, on to the pairing. Begin with beer styles, start with your favorite foods, or join the authors on a series of wild palate trips. From classics like barbecue ribs with American Brown Ale to unusual matches like pineapple upside-down cake with Double India Pale Ale, you'll learn why some pairings stand the test of time and you'll find plenty of new ideas as well. With complete information for planning beer dinners and cooking with beer, tips from pro brewers, and geek-out science features, Julia and Gwen will make sure you never look at beer--or food--the same way again!
